Summer Program Expectations

Having made the decision to participate in this program, I understand that: (Please initial {write the first letter of your first, middle and last name} in the spaces indicated, beside every item.)

___ I must travel with my group, originating in the same city in my home country and arriving at the Tallahassee airport together, on the program start date.

___ My departing flight in December or January should be out of Orlando, unless I am willing to find my own transportation and make all necessary arrangements (including a possible overnight stay in a Tallahassee hotel) to get back to the Tallahassee airport on my own.

I further understand that this is an academic program and that:

___ During the first nine or ten days of my program, I will be enrolled in an intensive service leadership, intercultural communication, or hospitality course and begin an Applied Intercultural Communication class at the Florida State University.

___ The Applied Intercultural Communication class that began at Florida State University is designed to support the academic training program at the Walt Disney World Resort, and as such, will continue while I am at Disney.

___ I will be expected to demonstrate academic integrity, attend all my classes, complete all assignments in the courses I take at FSU and the ones that I continue at Disney, and read and abide by the Academic Honor Policy found at http://dof.fsu.edu/honorpolicy.htm.

___ Failure to attend my required Applied Intercultural Communication classes may result in my having to return to my home country. This would happen if I miss more classes than is allowed in the attendance rules, explained in detail in the course syllabus. If I get dropped from this course because of absences, then I will no longer be enrolled in a full course load, and will be in violation of J visa regulations.

I agree to:

___ Respect all rules of the State of Florida, the Florida State University and the Center for Global Engagement’s Special Academic Programs. (See Specific Rules in your Student Handbook)

___ Assume responsibility for my choice of activities during unscheduled program time. I understand that, should my behavior during my free time negatively impact members of the group or program activities, or my personal safety, this could result in negative consequences effecting my continuation in the program. I understand the need to carefully consider the consequences of accidents or injury arising from my choice of activities or travel destinations during free time. If I become ill, injured or am the victim of crime or violence, while traveling away from the FSU campus or the Walt Disney World Resort properties during free time, I understand that the program will have very limited ability to assist me and that the program cannot pay for the costs of providing assistance.
And, regarding my academic training at the Walt Disney World Resort, I understand that:

_____ If I am in a training-intensive role such as hospitality, lifeguard, concierge or character performer, I will keep that role for six months. If Disney decides, completely at their discretion, that I am unable to carry out the responsibilities of any of these roles, then they will place me in a role rotation of their choosing, most likely in the same park or resort where I was already working in the previous role.

_____ If I accepted a rotation role, I know that I must switch to the second role after three months and that I cannot stay in my first role. If I am unable to carry out the responsibilities of any of my role, then they will place me in a different role of their choosing, most likely in the same park or resort where I was already working in the previous role.

_____ Upon successful completion of my program, I will have a 30-day grace period for travel, and I understand that if I decide to travel at the end of my program I must purchase additional days of insurance, at my own expense, to cover that period.

I agree to:

_____ Follow all rules which apply to me at the Walt Disney World Resort, including those related to housing, transportation, work and class, and I understand that

_____ Violation of any of these rules which leads to termination will result in my receiving no academic credit for the academic training and/or for any uncompleted courses.

I understand that:

_____ Self-termination will result in my receiving no academic credit for the academic training and/or for any uncompleted courses.

_____ I am not allowed to engage in the following activities due to program rules and insurance coverage exclusions: bungee jumping, hang gliding, jet skiing, motorcycle/motor scooter riding (racing any animal or motor vehicle), mountaineering (4500m limit), parachuting, parasailing, piloting an aircraft, professional or amateur racing, scuba diving (subaqua pursuits involving underwater breathing apparatus, some specify: unless certified or accompanied by an instructor), sky diving, snow skiing, snowboarding, snowmobiling, spelunking, surfing, water skiing, whitewater rafting, any other sport or activity which is undertaken for thrill seeking and exposes the student to abnormal risk of injury.

Finally, I know that I will:

_____ Receive my DS 2019 (a document required for the visa application process) and pre-departure information once I have paid the program fee and submitted the online Immigration Form.

_____ Receive credit only for those courses fully completed at the time of departure.
