# Global Citizenship Certificate

CENTER FOR  
GLOBAL ENGAGEMENT  
*Division of Student Affairs*

# Today's global economy requires graduates who are both academically and cross-culturally prepared to succeed in a diverse, multicultural world.

Through active learning and reflection, the Global Citizenship Certificate (GCC) helps undergraduate students develop invaluable skills and competencies needed to be global-ready graduates.

Students take academic courses and participate in cross-cultural engagement opportunities on campus, in the community, and abroad.

"I have grown to embrace, have more respect, and continue to learn more about cultures that differ from my own. GCC encouraged me to step out of my comfort zone and connect with my global community."

Diosili Salazar
